*If both eyes are affected then this prescription is valid for two 8-week treatments. Two vials will be used per day (1 vial for each affected eye).

Contact lenses should be removed before applying OXERVATE and may be reinserted 15 minutes after administration. If a dose is missed, treatment should be continued as normal, at the next scheduled administration.

VOLUNTARY PATIENT AUTHORIZATION TO SHARE INFORMATION WITH DOMPÉ

VOLUNTARY PATIENT AUTHORIZATION TO SHARE INFORMATION WITH DOMPÉ

By signing this patient authorization ("Authorization"), I hereby authorize my health plans, healthcare providers, healthcare clearinghouses, and their business associates ("Covered Entities," as such term is defined under the Health Insurance Portability and Accountability Act ["HIPAA"]) to use and disclose my health information, which may, under some circumstances, be considered Protected Health Information ("PHI" as such term is defined under HIPAA) to Dompé U.S. Inc., its parent company, and its affiliated entities, employees, representatives, agents, and contractors including, but not limited to, the administrator of Dompé CONNECT to Care (collectively, "Dompé") (or, if applicable, to use and disclose the health information of the patient for whom I am the parent, legal guardian, or caretaker).

Health information that may be transferred to Dompé includes information related to my medical condition(s), treatment, medications, care management, and health insurance, as well as contact and other information provided on this form and any prescription form. This may include information about sexually transmitted infections, HIV status, substance dependencies or treatments if included in my file and relevant to the purposes described in this form.

By and through this Authorization, I authorize Dompé to use my health information for the following purposes:

1. To establish eligibility for Dompé CONNECT to Care benefits. 2. To communicate with Covered Entities and me about my medical care and coverage. 3. To facilitate, assess, support or improve the provision of Dompé products, supplies, or services by Dompé or through a third party, including, but not limited to our access hub(s) or specialty pharmacy(ies). 4. To enroll me in patient or product support programs offered by Dompé or other entities for which I may be eligible based on my health information, including but not limited to any OXERVATE® patient support program, and/or certain nursing support services, if available. 5. To use and share my information to send me or cause third parties to send me communications and/or information regarding my experience with access to and use of OXERVATE and/or other Dompé products or services. Such communications may include survey and other market or clinical research invitations, as well as marketing communications. 6. As otherwise required or permitted by law.

I understand and agree that:

1. Dompé contractors or vendors who receive my health information from Dompé for the purposes listed above may also receive direct or indirect remuneration from Dompé in exchange for their communications with me about Dompé patient or product support programs or support services subsidized by Dompé. 2. Any health information disclosed to Dompé by the Covered Entities pursuant to this authorization will no longer be protected by the Covered Entities' HIPAA obligations, but will be kept confidential by Dompé subject to its Privacy Policy located at https://www.dompe.com/us/privacy-policy and such privacy laws applicable to Dompé. 3. In the event of a business transaction such as the sale or reorganization of all or part of Dompé's business, my health information may be transferred to a purchaser or successor company to permit the above uses to be continued after the business transaction.

I also understand and acknowledge that:

1. I may refuse to sign this Authorization and that access to Dompé's products and or eligibility for insurance benefits are not conditioned upon my agreement to grant and sign this Authorization. 2. Upon signature, I may request a copy of the signed Authorization. When filled out electronically, I may download a copy of this Authorization or request that this Authorization be emailed to the email address provided. 3. I may revoke this Authorization at any time in writing by mailing a letter to 1680 Century Center Pkwy, Suite 4, Memphis, TN 38134, or by email to: DompeConnect2Care@AssistRx.com. Processing of my request to revoke this Authorization may take up to 30 days from the date of receipt to the physical and/or email address indicated above, whichever is received first. 4. A request to revoke this Authorization will apply except to the extent that a Covered Entity has already acted and relied on it, and therefore such revocation will not protect any health information used or disclosed to Dompé by the Covered Entities before the date of receipt and processing of my request to revoke the Authorization. 5. Unless earlier revoked, this Authorization will be valid for ten (10) years from the date of my signature below or as otherwise permitted or limited by law. 6. A photocopy or digital copy of this Authorization will have the same force and effect as the original.
